

FOR IMMEDIATE RELEASE

A NEW CHAPTER OF COMFORT AND FLAVOUR - WELCOME TO HYGGE 2.0

November 14, 2023 - Penang, Malaysia

Hej friends! As we unveil the newly renovated Hygge, we're buzzing with excitement to show you what we've been up to. Our space has been transformed, now exuding a chic Parisian flair, a nod to the city of lights and love where the art of dining is a celebrated ritual.

In our commitment to inclusivity and diverse culinary preferences, we're proud to announce that Hygge is now a pork-free establishment. Our menu continues to offer a rich selection of vegetarian options, highlighting our dedication to catering to all dietary needs. We honour our heritage with bold and varied flavours of Asia, served with a creative twist that's uniquely our own. It's genuine food with an imaginative edge—beyond the overused 'fusion' label, it's our distinctive take on what makes dining out exciting and innovative.

The Chef Tasting Menu is making a triumphant return, and it's a testament to our culinary artistry. It's a curated adventure of taste, an affordable luxury, offering the elegance of fine dining in a relaxed vibe. Our chefs, seasoned in the art of fine dining, weave a narrative of flavour and finesse into every plate.

At Hygge, it's never just about the food – it's about the feeling. It's about finding joy in the simple things: good food, great company, and an atmosphere that transforms a meal into an occasion. So come, be part of this new era, and let's create new memories together.
